THE ENERGY CHOICE INITIATIVE

VISIT WWW.YESQUESTION3.COM TO LEARN MORE ABOUT QUESTION 3

Paid for by Nevadans for Affordable, Clean Energy Choices

QUESTION 3, THE ENERGY CHOICE INITIATIVE, ALLOWS YOU TO CHOOSE YOUR ENERGY PROVIDER.

MORE CLEAN ENERGY

The passage of Question 3 allows consumers to access more clean, renewable energy and will spur the demand for building these projects in Nevada. Question 3 also secures the right to self-generate electricity, ensuring NV Energy can't take rooftop solar away like they did before.

LOWER POWER BILLS

Between 2008-2015, rates fell 14% in energy choice states while rising 5% in monopoly states. In Nevada, rates are up over 55% since 2000. Competition means lower power bills. It's that simple.

MORE JOBS

As a result of Question 3, one economist estimated that Nevada could see our clean energy economy grow as much as 8% annually, leading to as many as 34,000 new jobs right here in our state.

BALLOT LANGUAGE:

Shall Article 1 of the Nevada Constitution be amended to require the Legislature to provide by law for the establishment of an open, competitive retail electric energy market that prohibits the granting of monopolies and exclusive franchises for the generation of electricity?
